

Post-Doctoral Research Positions at CYCERE

1. Job Description

Cyprus Centre for Environmental Research and Education (CYCERE) is a non-profit educational and research institution, emphasizing international collaborations and cross-disciplinary research in the field of environmental research, environmental education and environmental awareness. CYCERE is coordinating the European Network for Environmental Citizenship (ENEC) which is active in 87 universities and research institutes from 38 countries with more than 130 academics, researchers and scientists involved. CYCERE participated in a number of European and National research projects.

CYCERE invites applications from Post-Doctoral Researchers for the following positions:

- Research Professor
- Research Assistant or Associate Professor
- Research Lecturer
- Post-Doctoral Researcher

Researchers will carry out research as members at the Research Department of CYCERE. The role of the above positions will be to conduct research in the field of Environmental Citizenship, Environmental Education and Citizen Science, and contribute to securing competitive funding related to the activities of the CYCERE.

The positions will be on a full-time or part-time basis for a fixed term of one year, renewable depending on performance and availability of funds. The successful candidates will be under the supervision of the Scientific Director of CYCERE.

Duties and Responsibilities:

- Contribute to research development in the fields of Environmental Citizenship, Environmental Education and Citizen Science
- Contribute to the writing up of scientific publications
- Contribute to the writing up of research proposals
- Co-supervise research projects
